Notable features:

These houses were part of the "second generation" of Baltimore Street. Rehabilitable as housing. Numbers 12 and 14 have nice deep windows on the second floor and have modified ground floors; they probably originally had store fronts as did number 6. Numbers 8 and 10 still have 6/9 windows on second floor.

Environmental context:

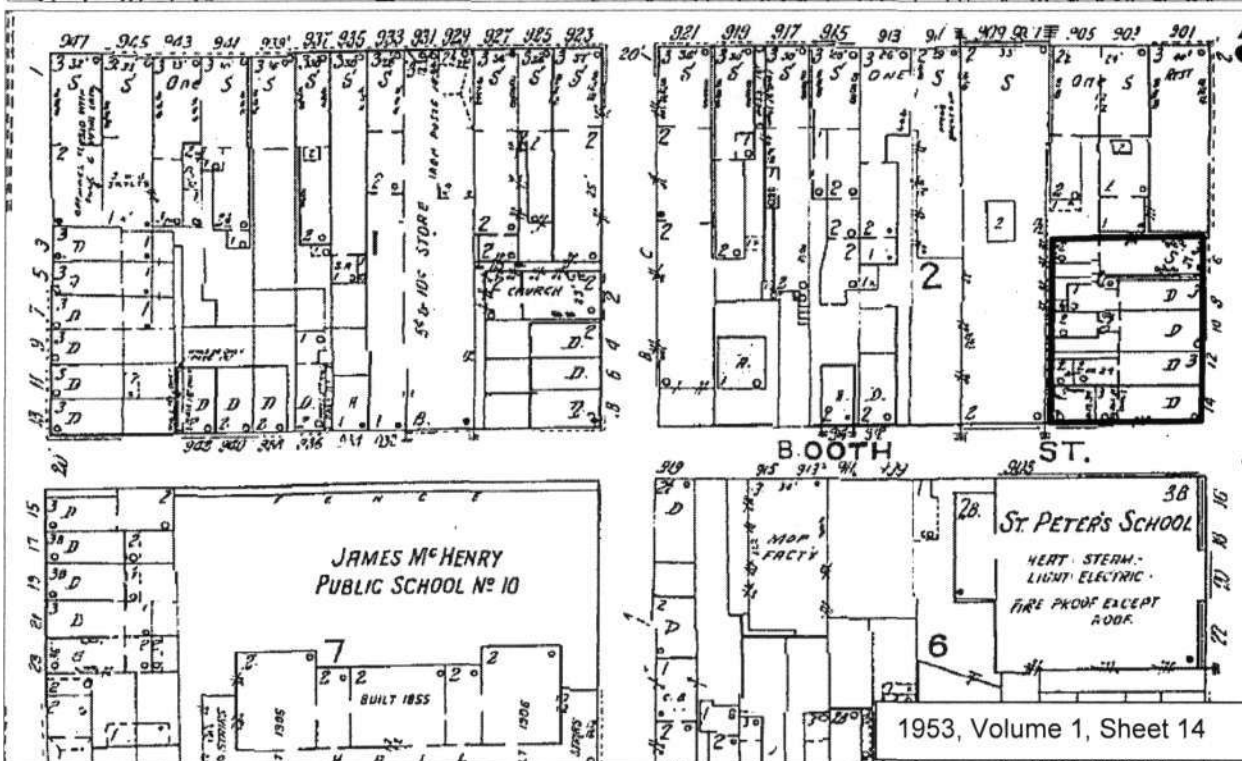

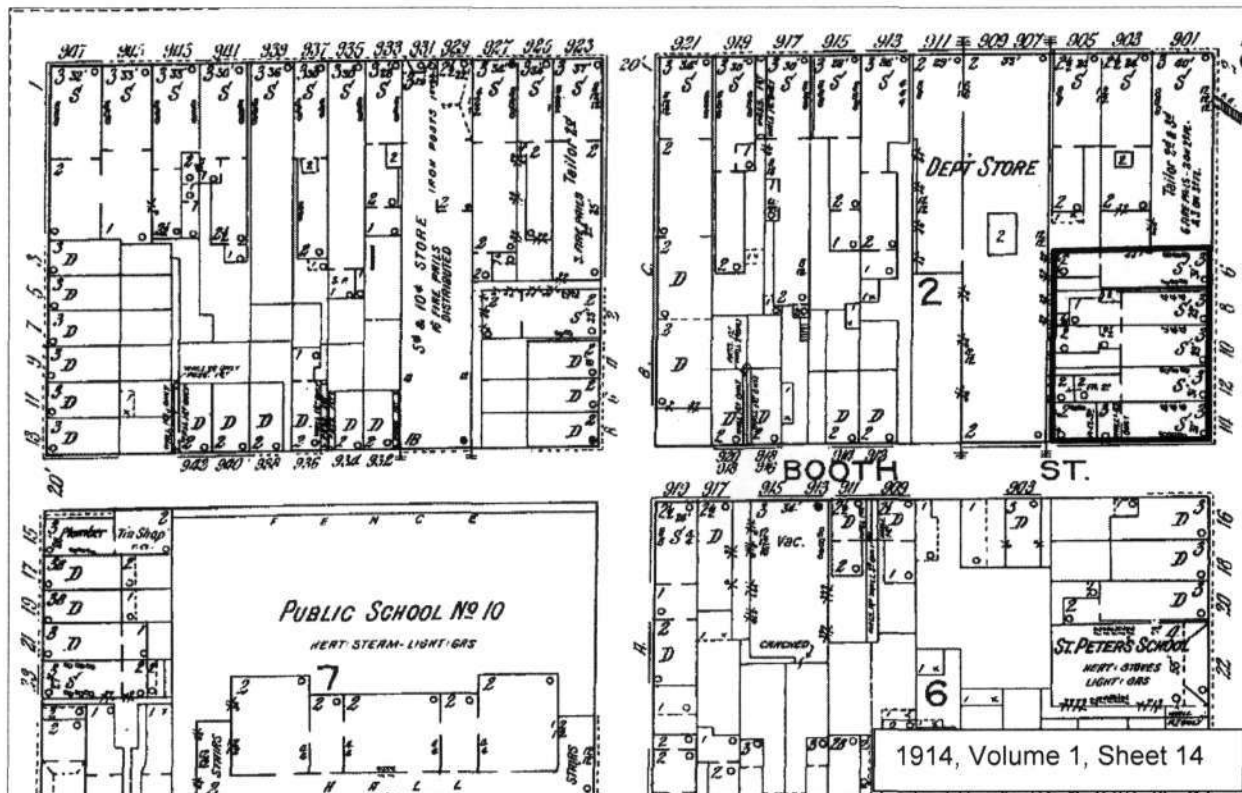

Numbers 8 and 10 appear to be vacant. The street is wide, two-way, with moderate traffic; it needs street trees. There are domestic scaled houses across and St. Peter's School adjoins to the south.
